---

Dear Hiring Manager,

I am writing to express my interest in the Technical position at your esteemed organization. My technical skills and educational background make me a strong candidate for this role.

I am proficient in Java, C++, HTML5, CSS3, JavaScript, and SQL, with hands-on experience using frameworks such as Spring Boot and tools like Git, GitHub, MySQL, MongoDB, and Visual Studio Code. My comprehensive coursework in Object-Oriented Programming, Database Management Systems, Data Structures and Algorithms, Operating Systems, and Software Engineering has equipped me with a solid foundation in software development principles.

In addition to my technical skills, I have developed strong problem-solving abilities, effective communication, and conflict resolution skills. I am committed to continuous learning and staying updated with the latest industry trends, ensuring that I bring innovative and efficient solutions to the table.

My projects, including a Library Management System and an application for conducting technical tests, demonstrate my ability to design and implement complex systems using Java, JDBC, MySQL, HTML, CSS, and JavaScript. These projects highlight my capability to handle both front-end and back-end development tasks, ensuring seamless user experiences and efficient data management.

I am confident that my technical expertise and dedication to excellence will make me a valuable asset to your team. I am eager to contribute to the success of your organization and am available at your earliest convenience for an interview.

Thank you for considering my application.

Sincerely,  
GOURAV
